

Mostafa Emad

Flutter Mobile Developer | Dart | Firebase | REST APIs

Aswan, Egypt • +20 115 316 8591 • mostafaemadsaeed33@gmail.com • github.com/mostafaemad21 • [Portfolio](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Flutter Mobile Developer with hands-on experience building and deploying cross-platform mobile applications. Completed 90+ hours of intensive practical training at NTI, delivering 4 real-world apps across e-commerce, real-time tracking, and productivity domains. Proficient in Firebase, REST API integration, and state management. Actively seeking an internship or junior role to grow within a professional development team.

PROJECTS

Anupes Coach — Role-Based Mobile Game App [GitHub →](#)

Built a full-featured mobile app with separate portals for users and coaches. Integrated REST APIs for all game logic, data handling, and user interaction flows.

Tech: Flutter, Dart, REST APIs, Firebase

Earthquake Tracker — Real-Time Monitoring App [GitHub →](#)

Fetches live seismological data from public APIs and displays earthquake locations, magnitudes, and details on a responsive mobile UI. Demonstrates strong API integration and JSON parsing.

Tech: Flutter, Dart, REST APIs, JSON

Shopping App — E-Commerce Mobile Application [GitHub →](#)

Full e-commerce app with product browsing, cart management, and checkout experience. Implements Firebase backend, state management, and modern UI patterns.

Tech: Flutter, Dart, Firebase, State Management

StudyFlow — Academic Productivity App [GitHub →](#)

Helps students organize study sessions, track progress, and manage academic workflows with an intuitive interface and Firebase cloud sync.

Tech: Flutter, Dart, Firebase, UI/UX

EXPERIENCE

Mobile App Developer Trainee | [National Telecommunication Institute \(NTI\)](#) Nov 2025 – Jan 2026

Competitive government scholarship — selected for intensive 90+ hour Flutter track

- Built and deployed 4+ cross-platform mobile apps using Flutter and Dart, covering real-world use cases from real-time data to e-commerce.
- Integrated Firebase Authentication and Firestore into multiple projects, enabling real-time data sync and secure user login.
- Connected 3+ third-party REST APIs (game backend, seismological data, shopping), handling JSON parsing and async state management.
- Developed a real-time chat application supporting text and image messaging using Firebase Cloud Storage and Firestore listeners.
- Prepared and configured 2 apps for Google Play Store deployment, including signing, manifest setup, and release builds.
- Designed 10+ responsive UI screens including splash, auth flows, home, grid, and list layouts following Material Design guidelines.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Material Design, Responsive UI

Backend & APIs: Firebase (Auth, Firestore, Storage), REST APIs, JSON, Dio

State Management: setState, Provider — learning Bloc/Riverpod

Tools & Platforms: Android Studio, VS Code, Git, GitHub, Figma, Google Play Console

Other Languages: Python (Unit Testing, TDD), C++ (OOP, Data Structures), HTML, CSS

EDUCATION

B.Sc. Computer Software Engineering | Arab Academy for Science, Technology & Maritime Transport (AAST) Sep 2022 – Apr 2026

South Valley University — Aswan, Egypt

- Participated in ICPC Competitive Programming contest (2022), sharpening algorithmic problem-solving skills.
- Completed academic projects in software testing (Python/TDD) and data structures (C++).

FREELANCE EXPERIENCE

Flutter Mobile Developer — Freelance | Independent Clients 2025 – Present

Delivered 3 completed projects via freelance platform with a 5.0 client rating

- Delivered 3 client mobile projects end-to-end with 100% completion rate and zero cancellations.
- Maintained a perfect 5.0/5.0 client satisfaction rating across all completed engagements.
- Managed client communication, requirements gathering, and iterative delivery independently.

CERTIFICATIONS & ACTIVITIES

Sprints x Microsoft — Mobile Development Summer Camp | Sprints & Microsoft | 40 hrs | ID: SPR-7O9VE6

NTI Flutter Mobile Development Scholarship | National Telecommunication Institute | 90+ hrs | 2025–2026

ICPC Competitive Programming | International Collegiate Programming Contest | AAST, 2022

LANGUAGES

Arabic — Native **English** — Good Working Proficiency
